- I am going into my Junior year here at UA, and I can confidently say that Professor Henry is one the best professors I have ever had. She knows how to make material stick in your brain. She cares about her students and their academic well being. She is empathetic, but also pushes you to do very well and exceed the expectations you have for yourself. If I could choose one person to teach me every subject it would be her no doubt. I am so glad I took her class, and will take any class she teaches here on out. - My first in person college class professor was Emma Kate and she was the best experience I've had as a freshman so far. Being a summer freshman who is struggling in a new place she was beyond helpful and accessible as my professor and individual. She helped me come out of my shell on campus and makes me feel like I made the right choice coming to UA. Exceptional teacher, clear and open communication always, very realistic and helpful regarding course requirements, and a credit to the University of Alabama - One of my favorite classes I've taken thanks to Emma Kate. Her enthusiasm makes even dry topics enjoyable. - She is a wonderful teacher who keeps the audience involved and entertained. She is also able to convey ideas and concepts very well and able to come up with real-life examples on the spot that correlate to our topic in order for us students to remember it better. She was never unfair and always tried her best to make every situation the students came across easy to understand. All around wonderful teacher. - Emma Kate Henry is a fantastic instructor and a great person. - Amazing professor, I wish she was teaching ec111 next term.
